

What's Blooming—Winter 2023-24

Lightbulb Clerodendrum
(*Clerodendrum smithianum*)

Cascading white flowers emerge from buds that look like little lightbulbs. This bright plant illuminates the east wall of the Moonlight Garden.

Goldenrod
(*Solidago spp.*)

The goldenrod near the Succulent Garden was covered in Atala butterflies when we took pictures!

Hibiscus
(*Hibiscus spp.*)

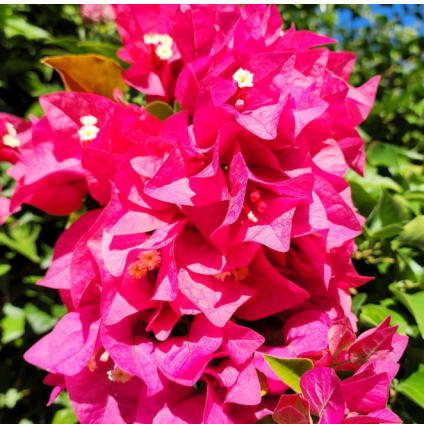

Numerous lovely hibiscus are blooming throughout the Estates.

Coville's Glory
(*Covillea racemosa*)

This dazzling tropical tree is flowering on the river side of the Ford home this December.

What's Blooming—Winter 2023-24

Bougainvillea
(*Bougainvillea glabra*)

The colorful papery bracts of bougainvillea are a highlight of the gardens all winter. Check out the row behind the museum.

Hong Kong Orchid Tree
(*Bauhinia blakeana*)

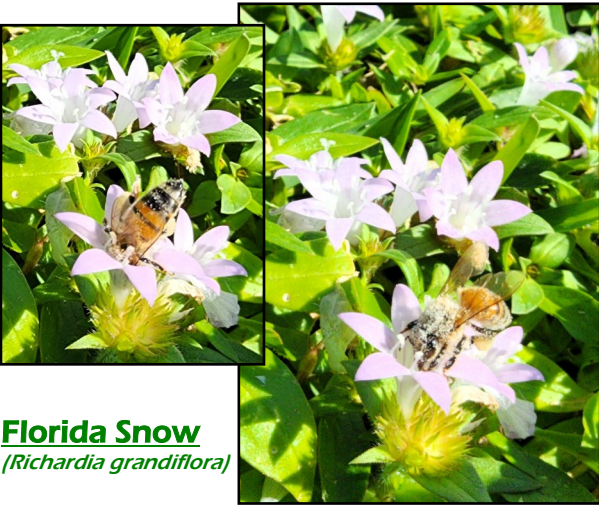

Beautiful purple flowers emerge in a row from a long inflorescence called a "raceme" during the winter near the Caretaker's House.

Christmas Ornament Tree
(*Dombeya wallichii*)

Will be flowering just in time for the holidays near Orchid Lane.

What's Blooming—Winter 2023-24

Florida Snow
(*Richardia grandiflora*)

Also known as Florida pusley, this is a stubborn weed in many Florida lawns. The small white flowers are, however, the closest thing we will get to a dusting of snow, and the bees love them!
